

MAKE A FIRE BREATHING DRAGON IN 5 EASY STEPS!

ATHLONE
CASTLE

Caisleán
Áth Luain

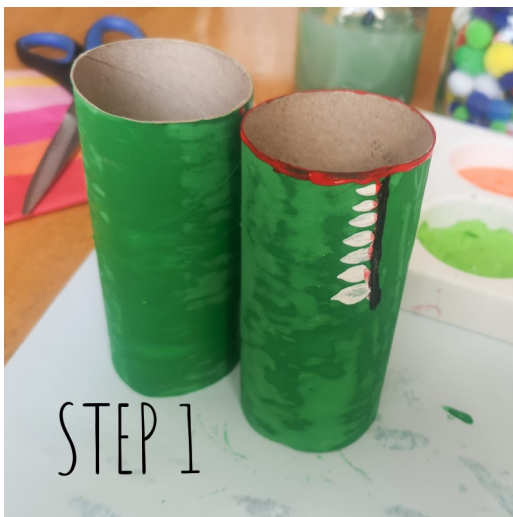

YOU WILL NEED:

- | | |
|---|--------------|
| 1 Toilet roll cylinder | PVA Glue |
| Paints | Paintbrushes |
| 2 Googly Eyes | Scissors |
| 2 big and 2 small Pom-pons Red, Yellow and Orange | Crépe Paper |

Note for parents:

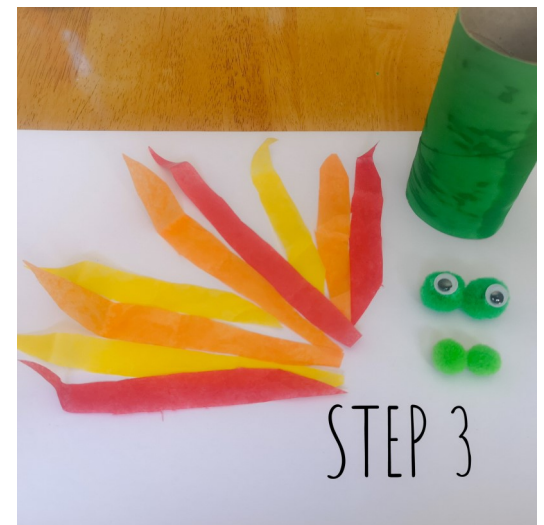

A parent /guardian must be present to ensure the safety of the children using our craft tutorials. Parents will be required to maintain adequate supervision of their child while they are working on their dragon. Parents help may be needed with some children in preparing crafts, particularly when they need to use scissors.

Paint the outside of the toilet roll (we used green, but you can choose any colour you want your dragon to be) complete step 2 and 3 while you wait until the paint is dry.
TIP: Add some sharp teeth to give your dragon some extra character!

Glue one googly eye to each of the bigger pom-pons- these will be your dragon's eyes.

Cut the crêpe paper onto ribbons about the length of the toilet roll.
TIP: They do not need to be perfect - rough edges will make the fire look more real!

Glue the eyes to one end of the roll, about a finger away from the edge. Make sure the eyes are looking towards the other end.
Glue the two smaller pom-pons to the other end of the roll, about 3 fingers from the edge – that will be your dragon's nose.

Glue your fire ribbons to the inside of the roll so that they hang out from your dragon's mouth.
TIP: Add more ribbons to the top (just below the dragon's nose) for better effect.

WELL DONE!!!

You just made a Dragon!
Blow through the roll to see your Dragon
